Vol. XVI

DON BOSCO SCHOOL, BANDEL

Edition: November 2025

CHILDREN'S DAY, 2025

Children's Day, celebrated nationwide on 14th November to honour Jawaharlal Nehru's birth anniversary, highlights the rights, welfare, and education of children. The observance in India has evolved significantly since its first commemoration in 1948 as "Flower Day," later gaining official national status in 1957. Don Bosco School, Bandel continues this legacy through a structured and value-oriented annual celebration.

The school campus welcomed students with vibrant decorations and a festive ambience. Numerous game stalls, managed by teachers of respective classes, were arranged across the grounds. Participation required nominal-value coupons, ensuring accessibility for all students.

The activities offered a balanced mix of educational, recreational, and skill-based challenges. Vocabulary puzzles, lucky draws, coordination tasks involving brick-stepping with a bell, coin-lifting with paper straws, and bean-sorting exercises were among the most notable events. These activities promoted engagement, accuracy, and cognitive involvement.

The “Dance Arena,” a dedicated music and movement space, emerged as a central attraction. Additionally, the Bumper Lottery generated significant enthusiasm among both students and parents, featuring prizes such as a bicycle, speakers, and assorted gift items. Food stalls provided a wide assortment of dishes, including kebabs, puri with potato curry, ghugni, chaats, dahi bhel, and fried rice with sweet chilli chicken. Ice creams, sweets, mocktails, and beverages complemented the offerings, contributing to the festive environment.

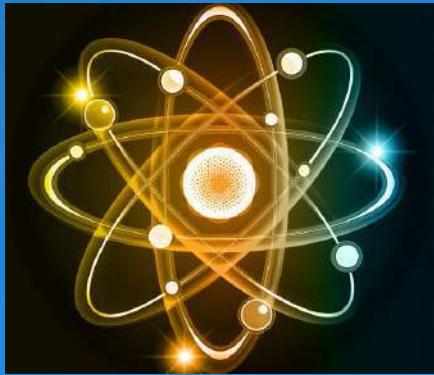

Purpose and Significance

Beyond recreation, the celebration reflected the school's commitment to nurturing joy, unity, and emotional well-being. Children's Day at Don Bosco School Bandel serves as a reminder of the enduring value of childhood —its innocence, enthusiasm, and formative experiences. The event allows students across all grades to pause their academic routine and reconnect with their sense of identity and shared memories.

The 2025 Children's Day celebration successfully combined organisation, participation, and meaningful engagement, reinforcing the institution's tradition of creating enriching experiences for its students.

GLIMPSES OF
CHILDREN'S DAY,
2025

BOSCO EUREKA-2025

On the 21st of November, 2025, Don Bosco School Bandel organised its third edition of the 'Bosco Eureka'---an intra-school Science and Arts Fest.

The event witnessed various interactive displays and creativity showcased by the students. The students demonstrated their artistic skills through creative activities such as tattoo making, hand-painting, face-painting etc. Various scientific models and Art and Craft exhibits were at display in the exhibition. Apart from these, the event witnessed the struggle for India's freedom through the History exhibition. Interesting experiments were demonstrated by the students in the "Magic Show."

The event also included a fascinating presentation of Geographic models, speeches on interesting topics in the 'Tech Talk', and an intra-school quiz contest conducted for each class.

Students interested in subjects beyond their academics were facilitated with thought-provoking slideshows through PowerPoint presentations.

Last but not the least, an educational workshop was conducted by Edudigm, an initiative founded by IIT Kharagpur in 2009. The workshop included interactive sessions conducted by Mr. Arabinda Saha on various subjects such as Robotics, Space, AI and hands on STEM learning. Indeed, Bosco Eureka, 2025, was a day bustling with energy and activities----and was definitely a grand success!

Highlights of the Event

Annual Sports Day

The Senior Section observed the Annual Sports Meet for this academic year, 2025-26, on the 29th of November, 2025; in due splendour and pomp, highlighting both the necessary ceremonial implements as well as the vigour, energy and discipline which defines the very structured essence of athleticism.

The event was graced by the dignified presence of guests, parents and guardians, chiefest among them being Mr. C. M. Bachhawat, IAS (Retd.), ex-Principal Secretary of the West Bengal Finance Department and ex-Technical Member of the West Bengal Tax Tribunal, the Guest of Honour for the day.

Proceeding with the much-awaited March Past carried out with practised precision and rigour, the prologue to this Sports Day gave way to the hoisting of the National and School flags accompanied by their respective anthems, followed by the graceful and enlightening exhortations by Rev. Fr. Principal and the Guest of Honour, which harped on the texture of sportsmanship, fairness and their presence in our lives; as well as the marked importance of such sporting events which contribute not merely to physical fitness but also towards cultivating a sound body and mind.

Furthermore, the drill displays by the students of classes 6, 7 and 8, carried out with well-practised enthusiasm and dynamism, were truly sights to behold, in addition to the many events, races, hurdles, jumps and marathons in which the students of the four houses participated.

All in all, the Yellow House stood the champions of the day, with the Green House coming in close second. The Blue House was awarded the laurel of the most well-disciplined house while the students of the Red House were declared the best marchers.

The Sports Day, in all its grandeur, athletic spirit and active participation, serves as a profound opportunity for students to not merely hone their physical skills but also to behold the natural touch of sportsmanship, which works to build up a sense of fairness and community feeling; all of which were aptly exemplified in this year's rendition of the widely successful Sports Meet, the likes of which shall not soon be forgotten.

Glimpses of the Day

Prizes & Accolades
